CHAIRMAN'S MESSAGE

“ If Your Plan Is For A Year, Plant Rice;
If Your Plan Is For A Decade, Plant Trees;
If Your Plan Is For A LifeTime, Educate Children ”
-Confucius

Education in the 21st century has become more important and focused. The constantly developing technology has forced the educational structure to undergo a major transformation. That's why we believe it is important to move ahead and get started from the point where others stop. We always thrive to engage with our students with innovative teaching techniques that will keep them immersed and enthralled throughout the ins and outs of the curriculum. At Harsha Institutions, our group of trained teachers ensure that all students are educated in a way that makes them ready to face the world beyond boundaries of school. We do not just focus on the curricular development of our students, but also pay equal attention on other areas of development. In easy words, we focus on their all-round development, ensuring they grow to become exceptional individuals who contribute towards making this world a better place by structuring themselves as responsible global citizens. Every child-development activity organized at HIPS also demands the participation of parents, as we believe that parents play a key role in the development of their children. Hence, we implement a collaborative approach that involves not just students and teachers, but parents as well. We stimulate growth of our students by cultivating the inborn talent that they possess and imbibe into them creativity and positivity to face the world and the challenges it poses. Our mission is thus, to provide a quality platform for students in fields of both education and liberal arts, ensuring that they grow skills that are essential while we provide them the support they need to transform into greater and better versions of themselves.

PRINCIPAL'S MESSAGE

At Harsha International Pre - School, we work towards exploring the innate potential of each child, enabling them to grow and find out new things about themselves as this is the age at which they undergo major development. We ensure to follow an experiential and practical way of learning thus making them actually understand what is being taught to them by the teachers inside the classroom. At HIPS we believe in synergy and ensure that team work is done which results in better results, with the collaborative efforts of the children, teachers and the parents, we aim at achieving excellence. With the various celebrations and events that take place at HIPS, we ensure that the children of our school are exposed to a variety of things which shapes them to be compassionate and accepting.

SCHOOL SONG

God will make a way
Where there seems to be no way
He works in ways we cannot see
He will make a way for me
He will be my guide
Hold me closely to His side
With love and strength for each new day
He will make a way, He will make a way

God will make a way
Where there seems to be no way
He works in ways we cannot see
He will make a way for me
He will be my guide
Hold me closely to His side
With love and strength for each new day
He will make a way, He will make a way

SCHOOL SONG

A house of knowledge in an open Valley,
are the happy souls were God shall be.
The rules are high and the walls are strong,
A loving home were nothing can go wrong.

As toddlers we have entered, your loving Portal,
To be nurtured by you forevermore.
You taught us to love, and you taught us to give,
And to grow into the young people of tomorrow.

These Golden Gates are always open wide,
So with happy hearts we walk inside.
To love and to learn and to play and to give,
Until it's time for us to leave.

In pursuit of knowledge is a noble motto,
We surely shall learn and begin to grow.
To bring you great fame, and to honour your good name,
Our flag shall be held high as onward we go.
